## MONTABELLO FIRE LAUNCHES A NEW FIRE DEPARTMENT WEBSITE

The Montebello Fire Department is proud to announce the launch of its new website. This venture has been a longtime vision and plan of Fire Chief Fernando Pelaez to connect on a more in-depth level with the visitors and citizens of the City of Montebello in addition to those interested in obtaining more information about the Montebello Fire Department. The website can be found at:

**[www.montebellofiredept.org](http://www.montebellofiredept.org)**

The website development was a joint venture with local Montebello company, RG Pacific and the Public Information Office of the Montebello Fire Department. This collaborative partnership was instrumental in the design and content of the information contained on the website. Numerous hours of research and development, coupled with attention to detail obtaining and entering current and applicable information best-suited for the site visitors is what will make this venture a success.

New content and updates will frequently occur. Visitors to the site can view the following information:

- A message from Fire Chief Pelaez
- Information on the Departments & Divisions of the Montebello Fire Department
- Fire Apparatus Pictures and Descriptions
- Volunteer and Career Opportunity Information
- Detailed information on how to become a firefighter
- Frequently Asked Questions (FAQ)
